

Energy Regulatory Commission reinstates the suspension of legal terms and deadlines

Energy – January 20th, 2021

On January 18, 2021, the Energy Regulatory Commission (the "Commission") published on the Official Gazette of the Federation the resolution A/001/2021 (the "Resolution"), in order to reinstate the suspension of legal terms and deadlines of acts and proceedings carried out before the Commission.

In accordance with the Resolution, due to the health emergency generated by the SARS-CoV2 (COVID-19) virus, legal terms and deadlines are suspended regarding proceedings carried out before the Commission as of January 18, 2021 and until the federal health authorities or the authorities of Mexico City's government determine that there is not an epidemiological risk related with the opening of activities related to the Public Federal Administration.

Additionally, the Resolution provides that any filing, requirement, application or submission carried out before the Commission during the term of suspension of activities, will be deemed as performed once the legal terms and deadlines are resumed in accordance with the above.

Finally, the Resolution sets forth that the Commission shall establish opening hours and days, as well as sanitary and safety measures to be implemented for the operation of its filing office. In this regard, the Commission ordered that as of January 19, 2021, the physical filing office will only be open on Tuesdays and Thursdays from 10:00 to 14:00 hours; the online filing system (OPE) continues to operate normally.

For ease of reference, you may access the Resolution [here](#).
