Martín Sánchez

Partner since 2011

Martín has experience in capital markets, mergers and acquisitions and corporate finance.

Regularly represents issuers and underwriters in equity issuances, structured equity transactions (FIBRA, CERPI and CKD), multiple offering programs, corporate and labeled/sustainable debt issuances, equity and debt takeover bids and complex multi-financing structures involving the issuance of structured/project bonds in Mexico and international markets. He also advises issuers on regulatory and compliance matters and procedures related to regulatory authorities.

In relation to the above, Martín advises issuers and companies in regulated sectors in the adoption of ESG standards, in the implementation of compliance programs aligned with the ESG strategy of companies and leads the firm's ESG/Compliance practice
